## STAFF NEWS

Congratulations to Kristian and Samara on the arrival of their beautiful daughter Myla on the 1st of August.

We are so excited to welcome Myla to our Lincoln Rural Family.

Farewell to Amber who has been with us since 2019 as one of our Agronomists. It will be her last day with us on Thursday October 7th.

We wish her all the best in her future endeavours.

Tel: Lincoln 8682 2711 Cummins 8676 2003

Keep up to date

## TRIAL WALK/ CROPPING & PASTURE PROGRAMS

It was a great day had by all at the Lincoln Rural Trial Walk on the 22<sup>nd</sup> of September. We have three trials this year consisting of a Canola Variety replicated trial (including for the first time GM Canola Varieties), Pre and Post Emergent Herbicide Matrix Trial and Pasture Variety Demonstration. We would like to thank, all the seed and chemical representatives, our valued clients and our staff for helping make these trials possible.

With 2022 coming up fast, it's time to start thinking about what to sow for both your cropping and pasture programs. Here at Lincoln Rural we work closely with multiple seed companies where we can find the best varieties for your programs. We stock a range of cropping and pasture seeds and assist our clients with customised blends. With a good season from West to East Coasts of Australia many farmer are already placing seed orders and we are starting to hear of varieties tightening in supply.

**Place Your Seed Orders Now** - or as soon as possible to give you the best chance at securing the varieties you want.

If you're looking at sowing pastures in 2022, we can create customised blends to suit your requirements or below are some of pre-made SOWsmart blends available from S&W Seeds:

### **Multi Species Soil Builder**

Outback Oats (50%), Presto Vetch (20%), Tetrone Ryegrass (10%), Smart Radish (4%), Subzero Forage Brassica (4%), White cloud Crimson Clover (4%), 4% White Quinoa, 2% Compass Chicory & 2% Ranger Plantain

### **HDL (High Density Legume) Blend**

Cavalier Spineless Burr Medic (30%), Bartolo Bladder Clover (20%), Dalsa Sub Clover (20%), SARDI Persian Clover (20%) & Cobra Balansa Clover (10%).

### **Grazier**

Cobra Balansa Clover (10%), Dalsa Sub Clover (15%), Drylander Diploid Perennial Ryegrass (20%), Hatrik Sub Clover (20%), Origin Winter-Active Tall Fescue (15%) & Valley Diploid Perennial Ryegrass (20%).

### **Medic Haygraze**

Bartolo Bladder Clover (10%), Bindaroo Button Medic (10%), Caliph Barrel Medic (20%), Cavalier Spineless Burr Medic (40%), Cobra Balansa Clover (10%) & Silver Snail Medic (10%).

### **Persistor**

Australis Australian Phalaris (15%), Cavalier Spineless Burr Medic (10%), Cobra Balansa Clover (10%), Convoy Continental Cocksfoot (15%), Dalsa Sub Clover (20%), Hatrik Sub Clover (10%) & Origin Tall Fescue (20%)

### **Winter Express**

Jivet Tetraploid Annual Italian Ryegrass (70%), Longhaul Balansa Clover (10%) & Turbo Persian Clover (20%).

### **Winter Max**

Jackpot Diploid Italian Ryegrass (40%), Longhaul Balansa Clover (10%), Mona Tetraploid Italian Ryegrass (30%), Turbo Persian Clover (20%).

In our pasture trials, we have found the blends that work extremely well are ones that contain ryegrass, clovers, forage cereals, forage brassicas and vetch. This is because these varieties blended together are able to provide high winter growth and dry matter production. While pastures are a valuable way to lift the productivity and profitability of your livestock enterprise, Pastures also have a range of agronomic benefits for cropping enterprises. Pastures are not only a profitable break crop by helping control difficult or herbicide resistant weeds but they also help break the lifecycle of diseases and reduce disease pressures. Pastures are an asset to both cropping and livestock enterprises.

## FIREARMS ROOM- NEW PRODUCTS

### Trophy Vehicle Mount Rifle Rest

Perfect for the spotlighting enthusiast seeking a steady shot.

Universal design suits all vehicles. Padded shooting bar with adjustable height.

### KleenBore Rifle Cleaning Kit

KleenBore Classic Series .22/.223/5.56mm Rifle Cleaning Kits are made from the finest materials to ensure they meet the demanding cleaning needs of firearms that are used heavily in the field.

## NEW PRODUCT- SNAKEPROTEX EXTREME GAITERS

SnakeProtex™ durable gaiters are scientifically proven to protect the wearer from the world's most venomous snakes.

- Adjustable boot straps for a versatile fit to your work boots
- Adjustable top leg strap for a firm comfortable fit
- Four layers of puncture resistant nylon fabric over a water repellent membrane
- High quality full length zip with stiffener under the overlap ensures the gaiter does not 'ride-down' during use
- Soft polyester cotton fabric lining
- Lightweight tough 900 weight denier outer ideal for walking through tough and prickly bushland
- Neutral black fabric construction throughout looks good with everyday workwear.

Available online & in store in sizes S, M, L, XL

## BOOT ROOM- MONGREL ZIPSIDERS

New to Lincoln Rural is Aussie owned & made Mongrel Boots from Victor Footwear, they are a fifth-generation family owned company who have been manufacturing footwear in Australia since 1930. The Mongrel Boots brand was first launched in 2000, and offer a range of boots in the working industry along with riding boots for the equestrian wearers.

There has been one stand out seller of the Mongrel Boots here in The Boot Room...the Zip-Siders! These were first introduced in 2006 with just one style available but have now developed into a whole range due to their popularity. With the ease of getting in & out of your boots along with Mongrels OrthoTec Air footbed, which allows air to circulate around the wearers foot, the Zip-Sider boot is perfect for those looking for comfort, support & convenience.

We offer the Zip-Sider boots in both soft toe & steel cap to suit your footwear needs. You'll see a few pairs getting around the store on the feet of our staff members so don't be afraid to ask them some questions if you're after reviews straight from the wearers mouth.

Shop the range in store or online now at the [bootroom.com.au](http://bootroom.com.au)

## NEW PRODUCT- HUNTER X2 WIFI CONTROLLER

This online-capable controller offers rapid schedule programming and advanced water-saving features.

Simple plug-in Wi-Fi option for any X2 controller model for online irrigation management. You can use your smartphone as a manual remote when Wi-Fi is unavailable or if the controller is hard to access.

Number of stations: 4, 6, 8 or 14 (fixed models)  
Wi-Fi capable controller automatically managed by Hydrowise®

By adding WAND Wi-Fi Module to your X2 controller, it connects to Hydrowise Predictive Watering™ allowing the system to adjust schedules based on forecasted temperature, rainfall probability, wind and humidity to provide the maximum water savings.

Suitable in all temperatures and climates  
Safe– Float valves and plumbing are internal  
Drive by water level indicators– Optional Extra

**INTRODUCTORY OFFER**  
**\$2245**

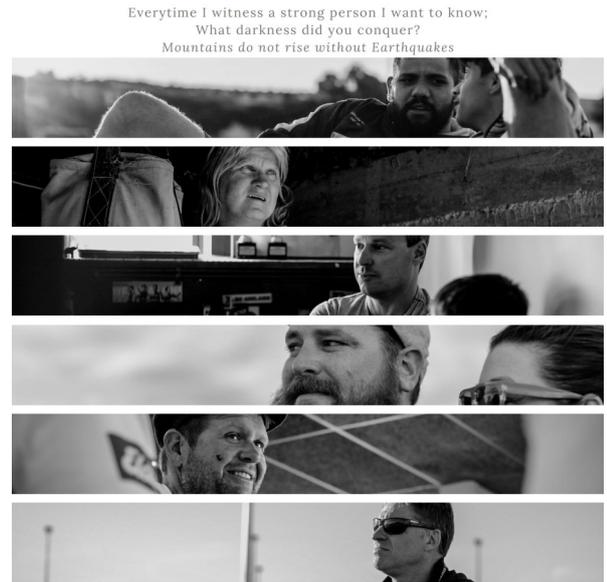

# MENTALLY FIT EP

**EVERYONE HAS A STORY -**  
 Documentary brought to you by  
 Mentally Fit EP

We all come with our own experiences and backgrounds. In 2018 the Rotary Men's Wellness Campaign really highlighted and emphasised that everyone has a story. Not only did the 30 men from all over Eyre Peninsula who were involved bring a different perspective to the project, but everywhere we travelled we had people open up about things they had overcome. Some of these 'things' were huge. It really reminded us that there are people living among us that have been through what a lot of film makers would consider incredible stories! You could be standing next to someone in the supermarket who smiles and has a chat, buys pretty standard groceries and works at one of the local businesses who is grieving the loss of their father who disappeared at sea. Or you could be checking your post box next to someone who's family members child died in a farming accident. Or maybe you might be waiting outside a classroom with another parent who has tried to take their own life. These are things you sometimes don't know about others, or maybe others aren't aware of the burden that you carry yourself.

Everytime I witness a strong person I want to know;  
 What darkness did you conquer?  
 Mountains do not rise without Earthquakes

## EVERYONE HAS A STORY

A documentary collaboration with Robert Lang Films featuring 6 Eyre Peninsula residents;

**JEREMY EDWARDS | TIM LARWOOD | ALAN (CJ) DODD  
 INGRID KENNERLEY | SHAINE DUPREE | DAVE DELAINE**

COMING TO A TOWN NEAR YOU SOON

The concept of the 'Everyone Has a Story' documentary evolved from the desire to deliver 4 key messages;

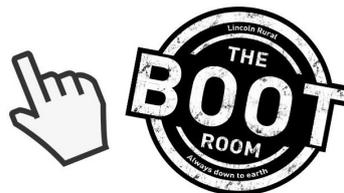

1. That you are not alone. Everyone has a story.
2. Resilience looks different for everyone. Strength can be sought in a range of ways.
3. There is hope. Life is tough, but so are you.

Be kind. You don't know everyone's story and the person you have just interacted with may be overcoming some big challenges.

Mentally Fit EP will be rolling out the documentary across Eyre Peninsula, starting in October. Please contact us for more information via [lain@wcyics.com.au](mailto:lain@wcyics.com.au) and keep an eye on the Mentally Fit EP page for dates and locations where you can view it.

Don't forget you can shop online at
